

## TCM Forklift Parts

TCM Forklift Part - Forklift trucks are a major player in the material handling field of each international business. Transporting industrial goods takes place each and every day on our busy world. Initially innovated as industrial vehicles in the 1930s in the United States of America, forklifts gained recognition following World War II in the 1940s. Becoming a reliable and efficient means to material handling solutions, the practicality and need of these equipment spread worldwide.

In the year 1949, started by Mr. N. Niwa, the original Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was recognized. Presently the business is simply known as TCM Corporation. Through the years, TCM forklifts have become a worldwide leader in lift truck manufacturing and have built a solid reputation with the industry. TCM started building lift truck manufacturing sites outside of Japan during the 1980s and is currently engaged in forklift manufacturer at three foreign factories in China, the United States and Europe.

TCM proudly manufactures many models of industrial forklifts with more than 50 years of accumulated technology and expertise, making their products used and recognized all around the world. Characterized by energetic staff and strong initiatives, TCM continues to look toward the future and aspires to become a world-class leading company.
